Educational Philosophy and Theory (EPAT)

Educational Philosophy and Theory publishes articles concerned with all aspects of educational philosophy and considers manuscripts from other areas of pure or applied educational research e.g. curriculum theory, educational history, educational policy and higher education.

EPAT is committed to strengthening connections between educational philosophy and other fields. It encourages submissions germane to ongoing theoretical conversations and dialogues from all areas of study in education, the arts and sciences.

EPAT now includes ACCESS and will publish two ACCESS issues a year from 2015. ACCESS advances critical perspectives on arts, creativity, cultural policy and practice, philosophy of aesthetics and pedagogy, and the local and global politics of knowledge.

All submissions are made online at the *Educational Philosophy and Theory* ScholarOne Manuscripts site - <https://mc.manuscriptcentral.com/epat>

EPAT is published by Taylor & Francis / Routledge on behalf of PESA

14 print versions (including special issues) are published each year, all with online access.

ISSN 0013-1857 (Print), 1469-5812 (Online)
