Paper (Course) selection

This section details the process for requesting "pre-approval" for specific papers to assist you in your study plan at the University of Waikato. You will be able to make changes and complete the enrolment process on arrival.

Please list the paper code and trimester for your selection of at least three preferred papers that you intend on studying at the University of Waikato. This is a pre-approval paper selection to allow you the chance to formalise your cross credit arrangements (if required) and also to give you an indication of options available prior to your arrival for orientation week. You will finalise your choice of papers with the relevant School as part of your enrolment in person at our University.

On arrival, you will need to finalise which papers you would like to enrol in taking into account:

- The timetable (avoiding lecture clashes with other papers you will enrol in).
- The number of points you are enrolling in (must be within the points stipulated in your offer letter).
- The level of the study (must have met pre-requisite papers for some papers, you will require approval).

Study Abroad and Exchange students must enrol in 45 points and up to 60 points per trimester.
